

# Writer's Block

*A Cindy Bauer Books Newsletter*

Volume 3 - Issue 4 - April 2009

Spring has arrived, or so my calendar says. With the fluctuations in the weather, I'd say they are correct. I just wish it would stay nice all the time!

My birthday was in late March. Every year, for as many as I can remember, (watch it!) nine times out of ten it either rains or snows on my birthday. This year was unique. It did both!

I was to interview bestselling novelist Roxanne Rustand this month. Roxanne underwent carpal tunnel surgery recently and was unable to type, so I will be adding her interview in later. I apologize for the delay, but these things happen. I hope everyone will pray for her rapid recovery. Roxanne is a real gem!

But I've managed to keep very busy again this month. I've finally finished writing *Crystal Clear* and will be editing and doing re-writes for the next couple of weeks. It will release this month! Yahoo!

I will post announcements when it releases so all of you who have been wait-

ing on this final installment in the *Memory Box Trilogy*, your patience is appreciated and your wait is almost over. I hope that thrills you as much as it does me. This means I can now move forward to writing the mystery/suspense stories that have been floating around in my head for months now.

I recently joined the staff at [Visual Arts Junction](#) and write articles on the various facets of writing, publishing and marketing. So come on by and check us out!

### **Mission Statement:**

Visual Arts Junction sprouted from the exciting

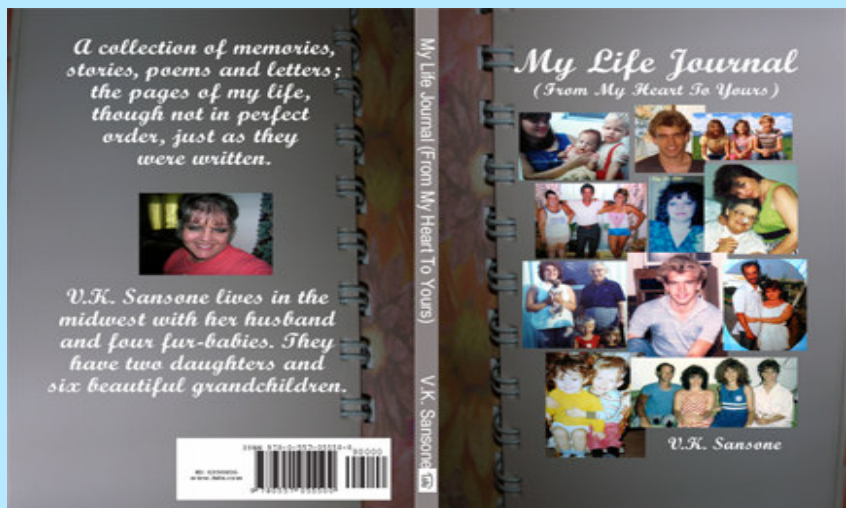

Cindy Bauer

concept at *Aperture Aside Photographer's Web Hub*. Each spoke jutting from the Visual Arts Junction's hub, both existing and planned, aspires to be your one-stop visual arts exchange.

We are a group of artists from many folds gathered to offer knowledge, inspiration, tutorials, news,

advice - everything we can. And if you can't find it here just ask; we'll do our best to guide you to the information you need.

Landing here is a free portal to everything fine arts related, and is open to individuals across the globe who wants to learn, grow and share as artists. Check out our categories. Whether a writer, photographer or painter, you'll find the information and inspiration you need.

We have many plans for this active hub and if you subscribe to our New Posts feed, you will always know what we are brewing up for you.

Many offerings are in process, so if you have any suggestions (and we hope you often do) or questions, just leave your comments or email any of us at anytime. Your participation and contributions are what *Visual Arts Junction* is all about: YOU.

This month, since I don't have the interview to include at this time, I would like to announce a couple of new books just coming out on the market.

V.K. Sansone has just finished two new books titled *My Life Journal (From My Heart To Yours)* and *My First 24 Hours in Hell*.

These books will be available at Lulu within days and you can purchase a copy there at V.K. Sansone's Store <http://www.storeslulu.com/vksansone> or you can purchase at most major online booksellers soon

Learn more about this author by visiting her website at <http://www.jnksansone.com>.

I have added a new blog, compliments of Pastor Tony Gallagher, who lives in a neighboring county from me. Tony has been sending me motivational and devotionals for months now and I decided to share those with you. They've given me such inspiration and I hope you enjoy them as much as I have. The new blog can be found at <http://seekinghimout.blogspot.com>.

**Until next month, may God bless you always! ~~Cindy**
